

NCA Solutions Line Card

Network Computing Architects, Inc.

Providing scalable and secure solutions to address your business requirements.

Network Computing Architects, Inc. (NCA),

founded in 1992, is a West Coast provider of Information Security, Enterprise Networking, Unified Communications, Wireless, Carrier and IP product, service and training solutions from the following leading industry manufacturers.

Information Security Solution Providers

- Cisco Systems
- Citrix Systems
- Cosaint
- eDMZ Security
- F5 Networks
- Juniper Networks
- McAfee
- Palo Alto Networks
- RSA Security
- Varonis
- WatchGuard Technologies

Enterprise Networking Solution Providers

- 3COM / H3C
- Cisco Systems
- ExtraHop
- Extreme Networks
- F5 GTM
- Juniper Networks
- Network Instruments

Unified Communications Solution Providers

- Cisco Systems
- ShoreTel

Wireless Solution Providers

- Cisco Systems
- Ruckus Wireless

Carrier & IP Solution Providers

- Qwest
- AT&T
- Level 3
- XO Communications
- Access2Go
- PacNet
- Verizon
- Ring 2
- WCI

HD Video Conferencing Solution Provider

- LifeSize Communications

Training Services

- McAfee Sidewinder Administration
- ShoreTel Configuring and Deploying Voice over IP
- WatchGuard Technologies Firewall Administration

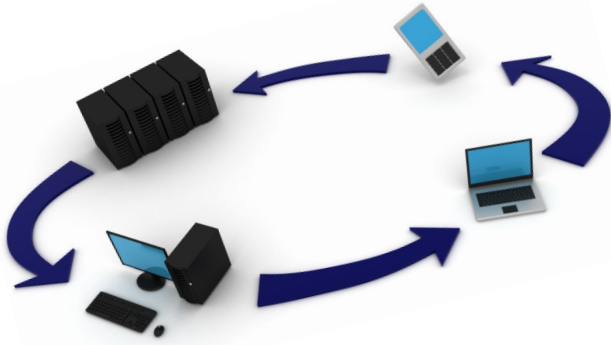

Service Solution Offerings

 - Outbound Data Controls—DLP, Web Proxy, e-Mail Encryption
 - Network Intrusion Prevention
 - Endpoint Security and Encryption
- **Wireless Site Survey**
- **ShoreTel Partner Support**
- **Network Performance Assessment and Baseline**

ISO 27001-012 1207

NCA Vendor Solutions Mapping

Carrier and IP Solutions

- Dedicated Hosting / Collocation
- MPLS
- Integrated Access
- Internet
- Phone Lines (POTS)
- T1 & PRI
- Private Line DSx + Ethernet
- Long Distance
- Wireless Broadband
- Audio Conferencing
- Hosted VoIP

Enterprise Networking

Routing and Switching

- 3COM/H3C
- Cisco Systems
- Extreme Networks
- Juniper Networks

WAN Acceleration and Optimization

- Cisco Systems
- Citrix Systems
- F5 Networks
- Juniper Networks

Network Applications and Performance Analysis

- ExtraHop
- Network Instruments

DNS / DHCP

- F5 GTM

Unified Communications

- Cisco Systems
- ShoreTel

Wireless

- Cisco Systems
- Ruckus Wireless

Video Conferencing

- LifeSize Communications

Information Security

Data Governance

- Varonis

Data Loss Prevention

- McAfee
- RSA Security

Encryption

- McAfee

Firewalls

- Cisco Systems
- Juniper Networks
- McAfee
- Palo Alto Networks
- WatchGuard Technologies

Governance Risk and Compliance

- McAfee

IDP / IPS

- Cisco Systems
- Juniper Networks
- McAfee

Web Application Firewalls

- Cisco Systems
- F5 Networks

Load Balancing and Application Delivery

- Citrix Systems
- F5 Networks

Mail Gateway

- McAfee

Network Access Control

- Cisco Systems
- Juniper Networks

Password Management and Access Control

- eDMZ Security

Security Awareness Training

- Cosaint

Security Information and Event Monitoring

- Cisco Systems
- Juniper Networks
- RSA Security

Two Factor Authentication

- RSA Security

VPN's

- Cisco Systems
- F5 Networks
- Juniper Networks
- WatchGuard Technologies

Web Gateway

- McAfee

Web Application Vulnerability Scanning

- CenZic /NCA Web Application Security Assessment
- Edegos /NCA Vulnerability Assessment
